

Prestigio

LCD WALL MOUNT

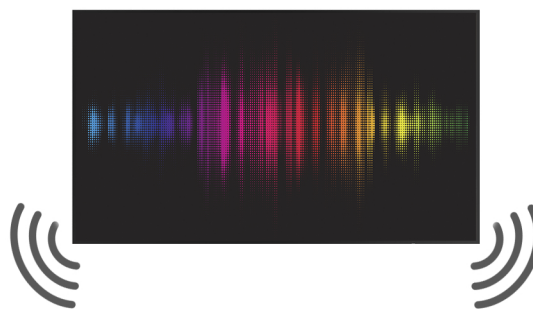

A solution to differentiate from competitors, enriching the shopping experience of customers and promoting your products.

Prestigio LCD Wall Mount is a way to increase customer flow to the point of sales with bright colorful dynamic content and targeted messages. Deliver appropriate information just in time, capture the attention of passersby with vivid image and deliver stunning and eye-catching campaigns through HDMI CEC, VGA, USB or cloud-based digital signage*.

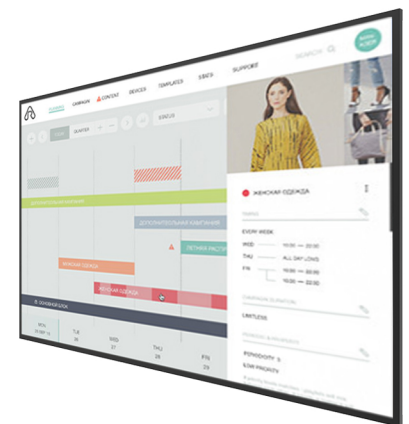

BRILIANT IMAGE QUALITY

Screen matrix of a new display allows you to transfer more colours and provides an impressive clarity of the image. With a high contrast ratio you can deliver flawless pictures, regardless of the lighting.

BUILT-IN SPEAKERS

Now your content will be enriched with sound effects from built-in speakers without no need for installing additional equipment.

SMART SOFTWARE*

Specialized software enables the creation, management and distribution of advertising content across multiple displays at any time and also it collects the audience data and analyses advertising effectiveness.

*Additional PC is needed.

MAIN ADVANTAGES

Prestigio LCD Wall Mount is a solution to attract customers and present more even from a long distance by colorful picture in brilliant UHD resolution.

This allows you to increase repeat customer visits, create digital ad campaigns in minutes and display several promo at once or even get an extra profit channel from digital ad sales.
