Solutions for business
and education

Prestigio SOLUTIONS

Multiboard Prime

Efficient Process

The powerful **Intel® Core™** processor delivers a fast performance, the **DLED screen** with **UHD resolution** and an **independent graphic card** creates realistic graphics and an impressive image depth. Your presentations will leave a lasting impression, and lessons will be even more stimulating.

Collaboration

Best-in-class **MultiTouch** technology can support **up to 20 touch points** and **up to 10 writing points** that work simultaneously, it also includes the feature that **2 colors** can be used for writing **at the same time**, which will make working together even more effective.

Connect & Interact

Interaction with your team will be more effective using the functions of **remote work** and **video calls** with high image quality. Now it's much easier to get instant feedback and approval.

Integrated Solution

Thanks to the preinstalled versions of **Windows 10 Pro** and **Android 9.0** operating systems and additional useful software, you gain not just a device, but a full solution for education or business.
