Quick Start Guide

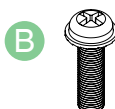

* Floor Stand

Screw × 8
(M8 × 16 mm)

* For plate and tray installation

* All pre-installed on the floor stand

Screw × 4
(M8 × 25 mm)

* For plate installation

Positioning Screw

* Pre-installed on the plate

ASSEMBLY STEPS

1 Install Wheels

1 Lay the stand on the floor.

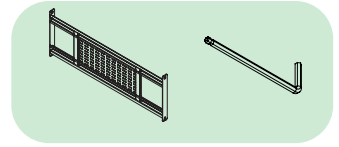

2 Pull down the lever to lock the wheel.

3 Install the wheel and tighten it with the open-end wrench.

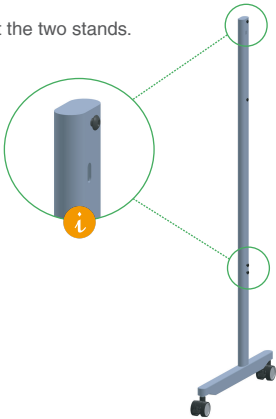

ASSEMBLY STEPS

2 Install Plate

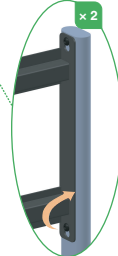

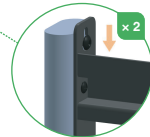

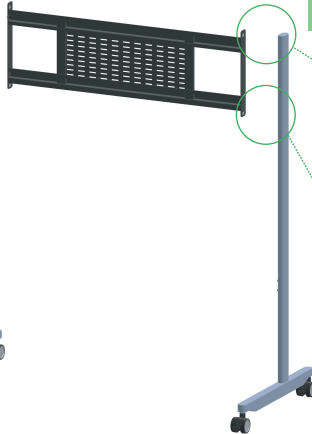

- Please do not tighten screws when installing the plate; a gap of > 5 mm should be reserved until the tray is installed.
- The left side of the plate has a pre-installed positioning screw that can fit into the corresponding hole on the left stand to ensure correct plate direction.

1 Erect the two stands.

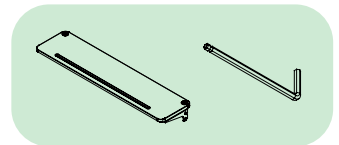

2 Hang the plate on the pre-installed screws.

3 Install the screw with the hex key.

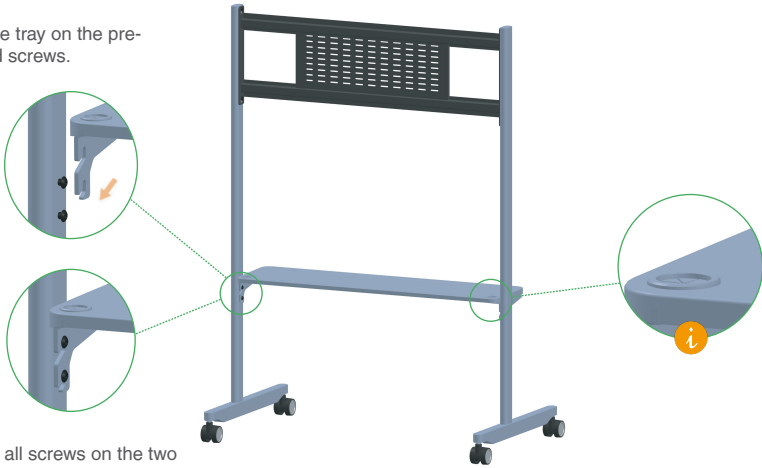

3 Install Tray

- The tray has cable routing holes in the top left and right corners, which can be used with the cable management accessories on the stand to organize and secure the cables.
- Ensure that the grooves of the tray are facing forward.

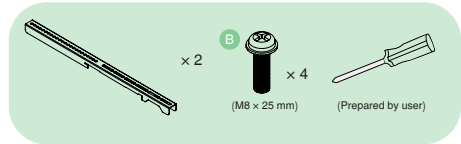

ASSEMBLY STEPS

- 1 Hang the tray on the pre-installed screws.

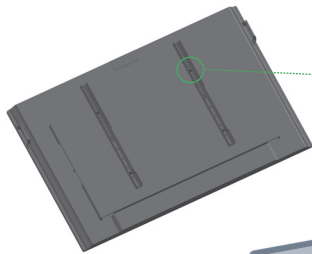

- 2 Tighten all screws on the two stands with the hex key.

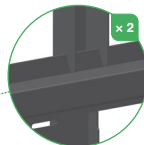

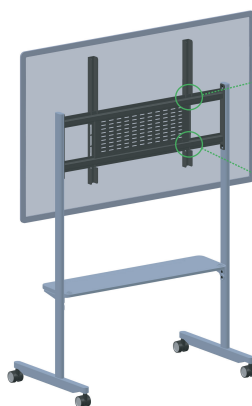

4 Install Bracket

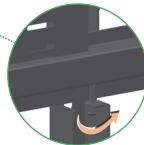

You can thread cable ties through the holes on the back of the plate to secure other accessories like power strips, or adapters as required.

- 1 Install the bracket on the TV and tighten 4 screws with a screwdriver.

- 2 Hang the bracket on the plate.

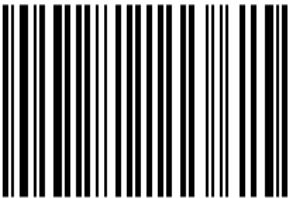

- 3 Install and tighten the screws to secure the connection between the plate and the bracket.

About Yealink

Yealink (Stock Code: 300628) is a global brand that specializes in video conferencing, voice communications and collaboration solutions with best-in-class quality, innovative technology and user-friendly experience.
