

MeetingBoard C (65/75-inch)

Quick Start Guide V 1.0

PRECAUTIONS

EN

- Please read this guide before installation to avoid unnecessary personal injury and damage to the endpoint.
- The pictures of the endpoint and accessories in this guide are for reference only.
- Please use the accessories in the package, and follow the guide for installation. Yealink assumes no responsibility for any damage caused by improper installation.
- Take and place all components gently to avoid damage.
- At least 2 people are required to transport and install the 65/75-inch host.

DE

- Lesen Sie diesen Installationsleitfaden vor der Installation, um unnötige persönliche Verletzungen und Schäden am Endgerät zu vermeiden.
- Die Bilder des Endgeräts und der Zubehörteile in diesem Installationsleitfaden dienen nur der Orientierung.
- Verwenden Sie bitte die Zubehörteile in der Verpackung und installieren Sie das Gerät gemäß dem Installationsleitfaden. Yealink übernimmt keine Verantwortung für Schäden, die durch unsachgemäße Installation verursacht werden.
- Nehmen und legen Sie alle Komponenten vorsichtig auf, um Schäden zu vermeiden.
- Zum Transport und zur Installation des 65/75-Zoll-Hosts sind mindestens zwei Personen erforderlich.

FR

- Veuillez lire ce guide avant l'installation pour éviter les blessures personnelles inutiles et les dommages à l'équipement final.
- Les images de l'équipement final et des accessoires dans ce guide sont données à titre indicatif seulement.
- Veuillez utiliser les accessoires fournis dans l'emballage et suivre le guide pour l'installation. Yealink ne prend pas en charge les dommages causés par une installation incorrecte.
- Manipulez avec soin tous les composants pour éviter tout dommage.
- Au moins deux personnes sont requises pour transporter et installer le poste principal de 65/75 pouces.

Install Wall Stand (Optional)

- You need to purchase an additional wall stand to install the equipment. You can choose either the Yealink standard wall stand or a third-party stand.
- If you use the Yealink standard wall stand, please refer to the **Wall Stand Installation**.

Install Windows OPS (Optional)

- You need to purchase Windows OPS separately. For installation, please refer to the **MCore-OPS Quick Start Guide** included in the corresponding package.
- It is recommended that the OPS antenna be placed as follows, with the highest signal strength.

Precautions for Purchase and Installation of Third-Party Bracket

If a third-party wall bracket is used, the following items should be paid attention to when purchasing and installing:

- VESA hole size of **MeetingBoard 65C** is **600 mm** (horizontal) × **400 mm** (Vertical).

VESA hole size of **MeetingBoard 75C** is **800 mm** (horizontal) × **600 mm** (Vertical).

- The load of the wall bracket of MeetingBoard series equipment shall be more than three times of its own weight, that is, the load capacity of the wall bracket for **MeetBoard 65C** shall be greater than **120 KG**.

The load of the wall bracket of MeetingBoard series equipment shall be more than three times of its own weight, that is, the load capacity of the wall bracket for **MeetBoard 75C** shall be greater than **156 KG**.

- During installation, the recommended distance from the bottom of **MeetingBoard 65C** equipment to the ground is **940 mm**.
During installation, the recommended distance from the bottom of **MeetingBoard 75C** equipment to the ground is **880 mm**.

4 POWER ON

1. Insert the end of the power cable into the power port of the endpoint.

2. Insert the power cable plug into the outlet.

3. Turn the rocker switch button on the left rear of the endpoint to "I" to turn on the endpoint.

- Upon first power-on of the endpoint, follow the on-screen setup wizard to initialize configuration like language, time, and network. The initialization operations vary with software versions.
- After the endpoint is started for the first time or restored to factory settings, go to settings on the touchscreen to configure the admin password.

LED Indicator Status

Status	Description
Power indicator light	• Quick flashing red: Powering on. • Slow flashing red: Sleeping. • Solid red: UI off, muted during a call.
Indicator light	• Solid red: Muted during a call. • Off: Powered off, not in a call.

5 POWER OFF

Turn the rocker switch button on the left rear of the endpoint to "O" to turn off the endpoint.

Regulatory Notices

Operating Ambient Temperatures

- Operating temperature: +14 to 113°F (-10 to 45°C)
- Relative humidity: 5% to 90%, noncondensing
- Storage temperature: -22 to +158°F (-30 to +70°C)

Warranty

Our product warranty is limited only to the unit itself, when used normally in accordance with the operating instructions and the system environment. We are not liable for damage or loss resulting from the use of this product, or for any claim from a third party. We are not liable for problems with Yealink device arising from the use of this product; we are not liable for financial damages, lost profits, claims from third parties, etc., arising from the use of this product.

Explanation of the symbols

DC symbol

— is the DC voltage symbol.

WEEE Warning symbol

To avoid the potential effects on the environment and human health as a result of the presence of hazardous substances in electrical and electronic equipment, end users of electrical and electronic equipment should understand the meaning of the crossed-out wheeled bin symbol. Do not dispose of WEEE as unsorted municipal waste and have to collect such WEEE separately.

Restriction of Hazardous Substances Directive (RoHS)

This device complies with the requirements of the EU RoHS Directive. Statements of compliance can be obtained by contacting support@yealink.com.

Safety Instructions

Save these instructions. Read these safety instructions before use!

The following basic safety precautions should always be followed to reduce risk of fire, electrical shock, and other personal injury.

General Requirements

- Before you install and use the device, read the safety instructions carefully and observe the situation during operation.
- The main plug is used as disconnect device, the socket-outlet should be near the Switching Adapter and it should be easily accessible.
- During the process of storage, transportation, and operation, please always keep the device dry and clean, avoid collision and crash.
- Please attempt not to dismantle the device by yourself. In case of any discrepancy, please contact the appointed maintenance center for repair.
- Please refer to the relevant laws and statutes while using the device. Legal rights of others should be respected as well.

Environmental Requirements

- Do not cover ventilation openings, this equipment is not intended to be used on soft support.
- The marking information is located at the exterior of the bottom
- Place the device at a well-ventilated place. Do not expose the device under direct sunlight.
- Keep the device dry and free of dusts.
- Do not place the device on or near any inflammable or fire-vulnerable object, such as rubber-made materials.
- Keep the device away from any heat source or bare fire, such as a candle or an electric heater.

Operating Requirements

- Do not let a child operate the device without guidance.
- Do not let a child play with the device or any accessory in case of accidental swallowing.
- Please use the accessories provided or authorized by the manufacturer only.
- Do not spill liquid of any kind on the product or use the equipment near water, for example, near a bathtub, washbowl, kitchen sink, wet basement or near a swimming pool.
- When there is smoke emitted from the device, or some abnormal noise or smell, disconnect the device immediately.
- Contact the specified maintenance center for repair.
- Do not insert any object into equipment slots that is not part of the product or auxiliary product.

Cleaning Requirements

- Use a piece of soft, dry and anti-static cloth to clean the device.

Troubleshooting

The usage environment is out of operating temperature range.

1. Use in the operating temperature range.

The cable between the unit and the Yealink device is connected incorrectly.

1. Connect the cable correctly.

Some dust, etc., may be in the port.

1. Clean the port.

Contact your dealer or authorized service facility for any further questions.
