VB-TVMount-01

MeetingDisplay

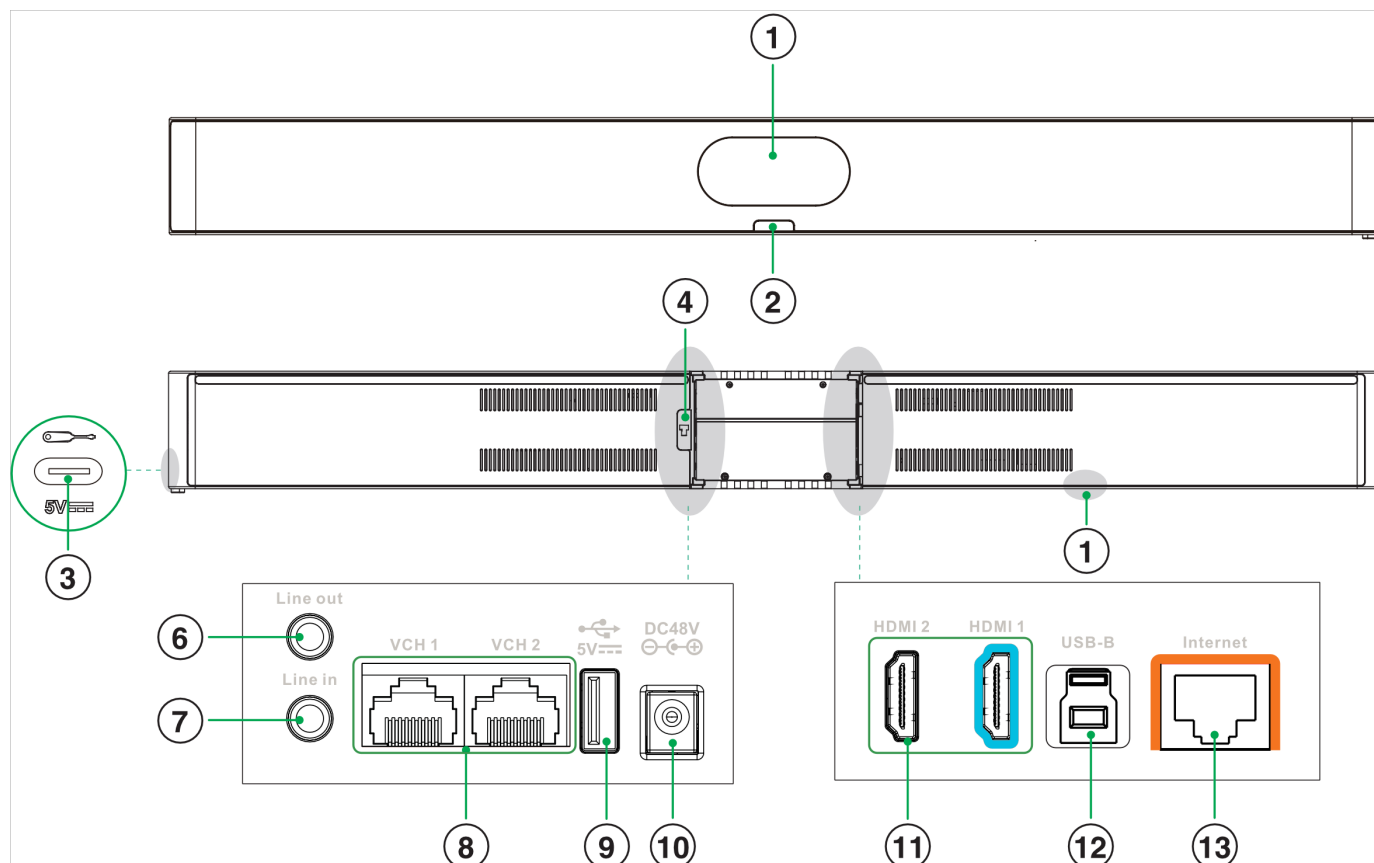

MD-Wallmount

MD-AVBracket-L

- VB-TVMount-01 is exclusively designed for MeetingBar A50, compatible with most displays.
- It is recommended that MeetingDisplay be used with the MD-Wallmount and the MD-AVBracket-L bracket.
- The MD-AVBracket-L is compatible only with the Yealink MeetingDisplay 75/86.

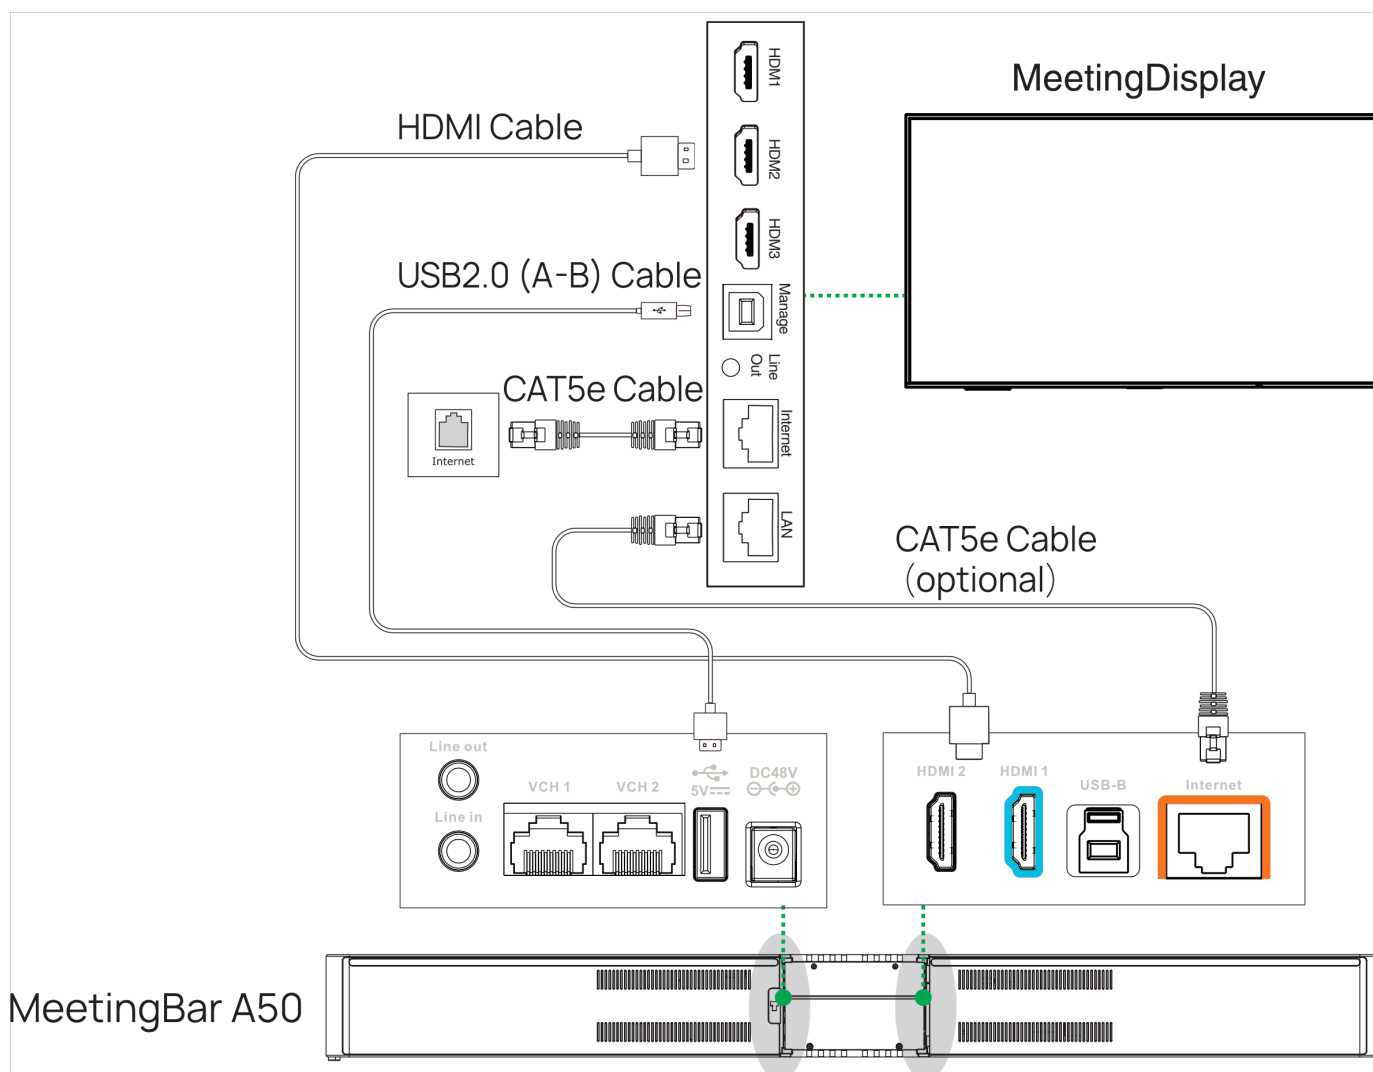

Connector Panel

No.	Item	Description
1	Camera	A camera with an electric privacy shutter.
2	LED Indicator	Indicate the device status.
3	USB-C 2.0 (Side)	Connect to a Yealink Wireless Presentation Pod for pairing.
4	Security Slot	Connect a universal security cable to the device so that you can lock it down.
5	Reset	Reset to factory defaults.
6/7	Line-in/Line-out	Connect to an audio output/input device via a 3.5 mm audio cable.
8	VCH	- Connect to a Yealink CTP Touch Panel. - Connect to a Yealink expansion mic. - Connect to a PoE switch.
9	USB-A 3.0	- Connect to a Yealink MeetingDisplay to synchronize A50 configurations and integrate features. - Connect a USB accessory, such as a mouse.
10	DC 48V	Connect to a power adapter.
11	HDMI 1 & HDMI 2	Connect to a display for video image output.

		You need to use HDMI 1 Port first when using only one display.
12	USB-B 3.0	Connect to a mini PC to use it as a video peripheral of MTRoW.
13	Internet	- Connect to a Yealink MeetingDisplay's LAN port to access the network, provided that the MeetingDisplay is connected to the Internet. - Connect directly to the network for Internet access.

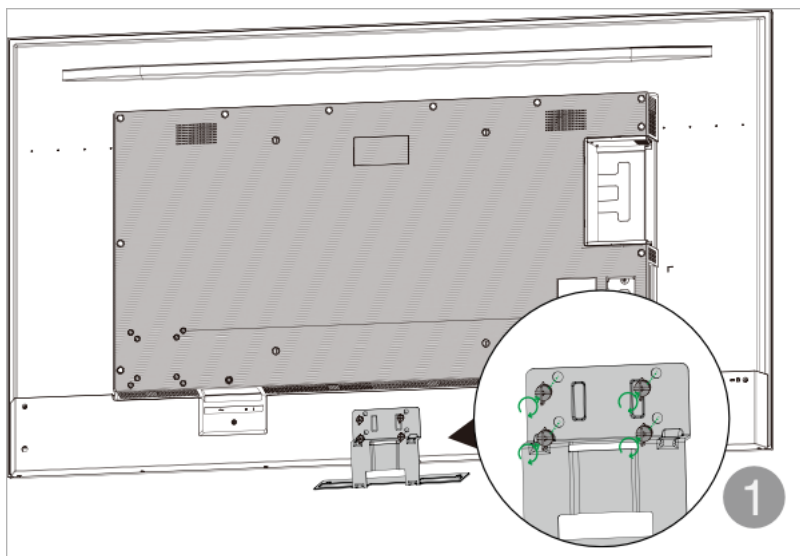

Cable Connection

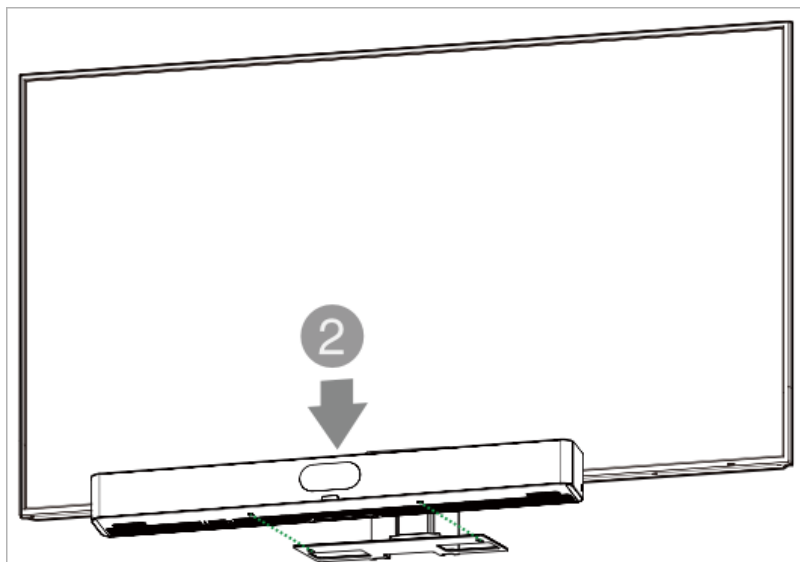

- USB 2.0 (A-B) cable is included in the MD-AVBracket-L's package.
- If the CAT5e cable from MeetingBar A50 is not connected to the LAN port of MeetingDisplay, then it should be connected to an external network port.

Installation

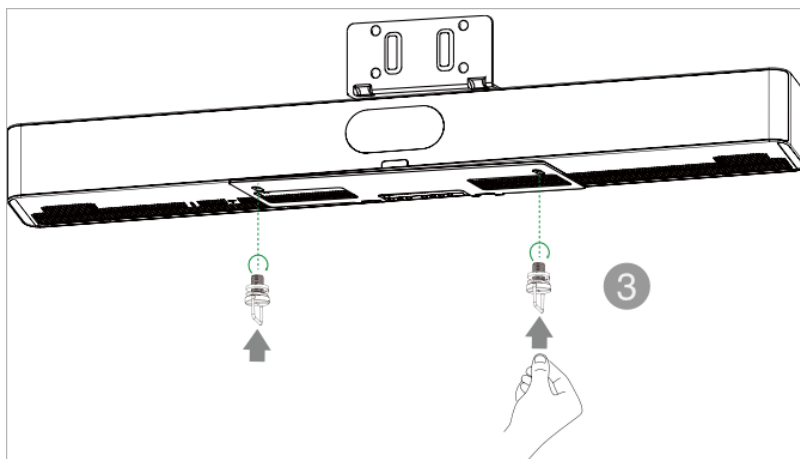

1. Install the MD-AVBracket-L

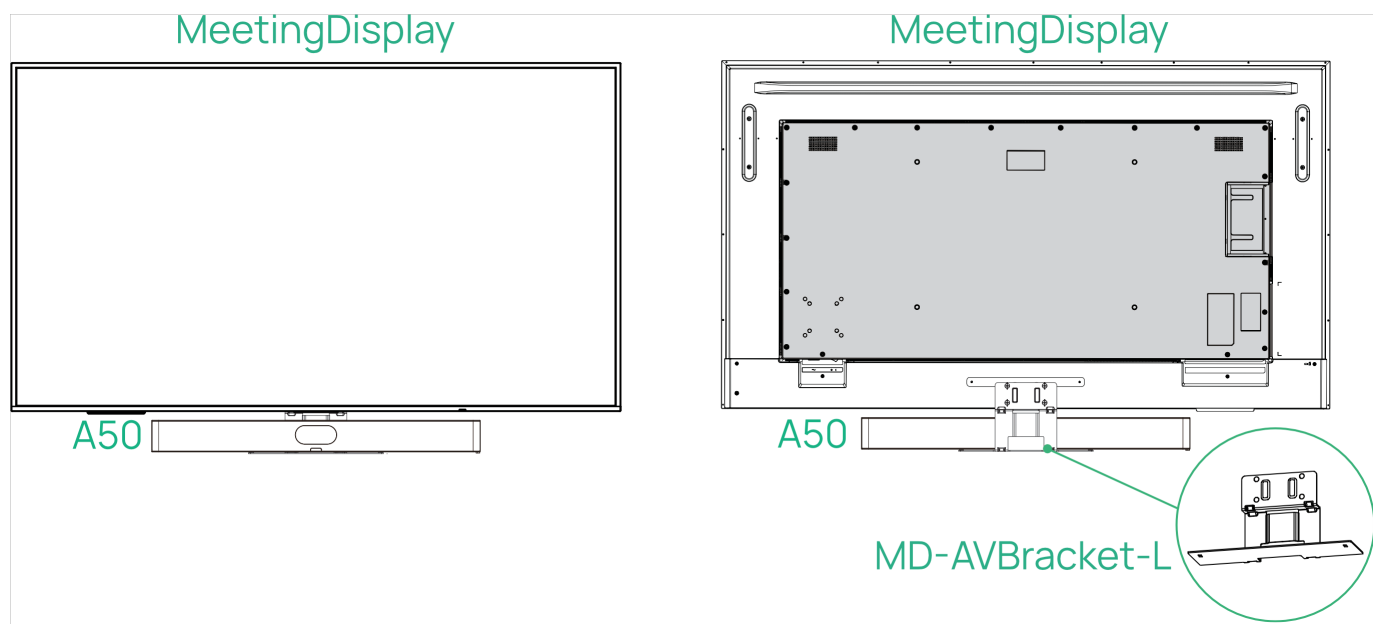

2. Place the MeetingBar A50

3. Fix the MeetingBar A50

Effect Demonstration

- ! You need to purchase MeetingDisplay and MD-AVBracket-L separately. For installation, please refer to the [MD-AVBracket-L Quick Start Guide](#) included in the corresponding package.
