Table installation

• Put on a table

• Paste on a table

Please select the outlet hole according to your need.

• Fixed on a table

Drill three holes on the desktop.

Wall installation

The template is provided drill hole locations for MTouch Plus. Use the center reference hole to position the template. Get templates from support.yealink.com.

We recommend that the height of the wall installation is 1m~1.5m from the ground. Please select the outlet hole according to your need. If the conference room environment allows, you can also wire through the wall.

Pair with a Room Sensor

1. Switch account from Skype to Admin.
2. Open Yealink RoomConnect Software from Desktop.
3. Go to **MTouch Plus > Sensor**.
4. **Add sensor**. Select the right sensor to pair.
Remove the back cover of Room Sensor, you will see its name on the top. Then select accordingly.

💡 Remember to install the battery of Room sensor before pairing.

Presentation

• Wired presentation

Connect MTouch plus and PC through USB Type-C, and you can share the screen.
